

Sprint 4: Final Project Review

Michael Hughes

Project Overview

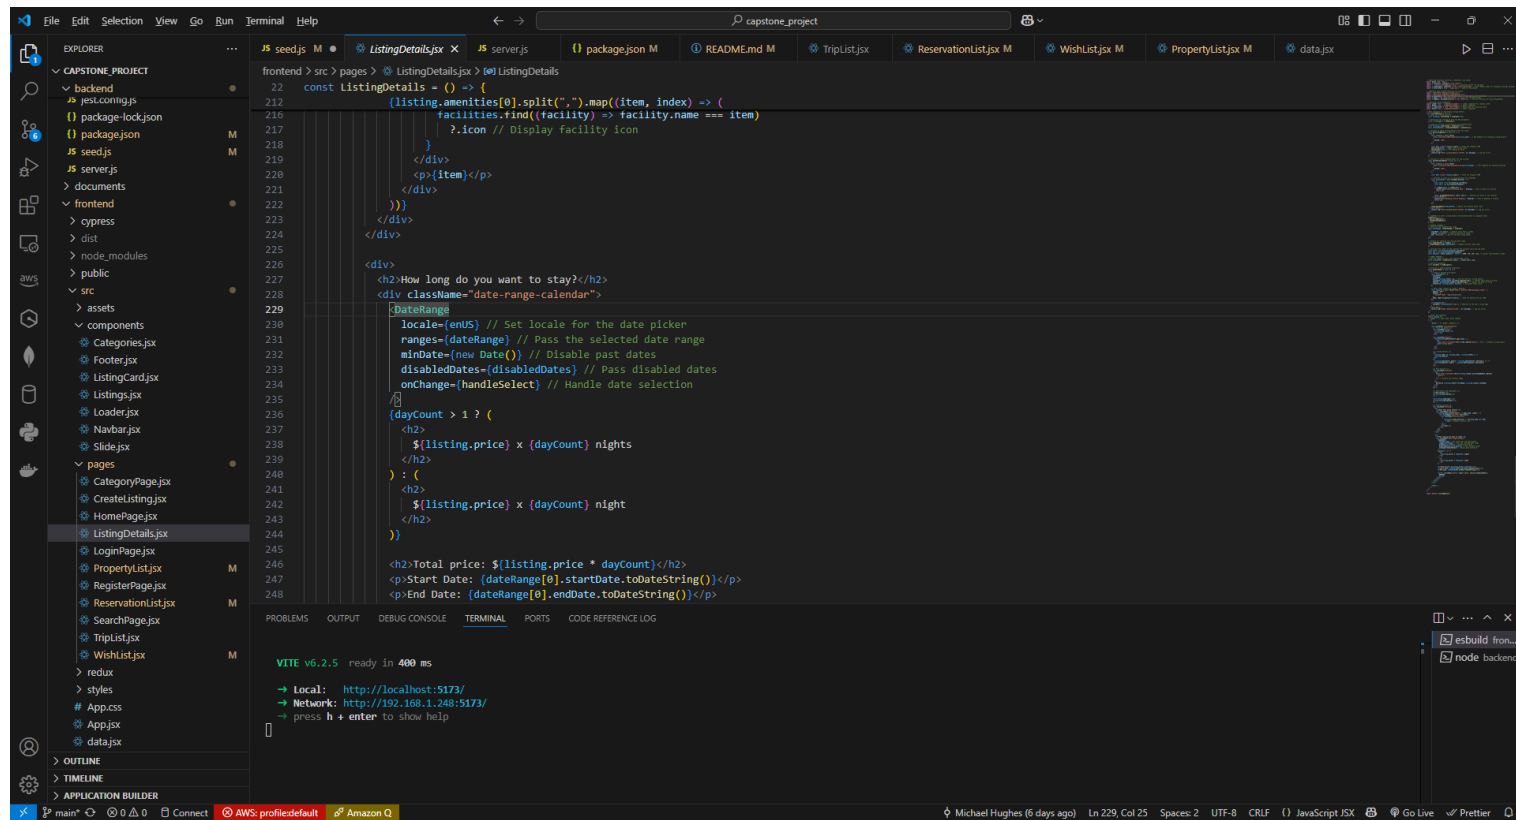

- ▶ I made a condo/rental booking website
- ▶ Wanted a good looking UI

Architecture

- ▶ Frontend: React, Redux, SCSS
- ▶ Backend: Express, Node, Mongoose
- ▶ Database: MongoDB
- ▶ Testing: Jest backend, Cypress frontend

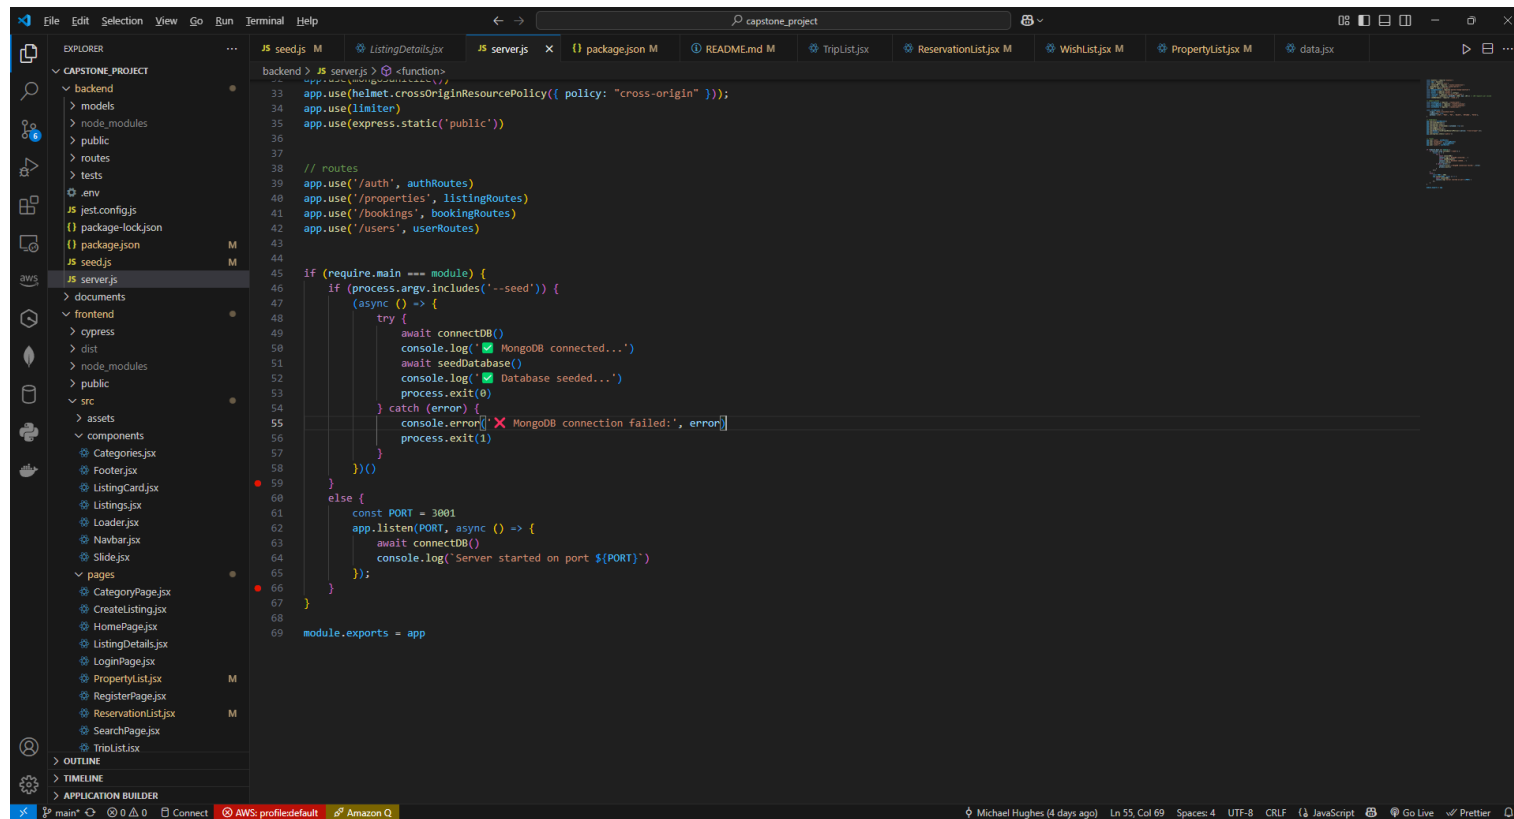

Good

- ▶ Calendar plugin
- ▶ Search functionality
- ▶ paging

Bad

- ▶ Switching from create-react-app to Vite
- ▶ Login authentication/interaction with website
- ▶ Seed.js
- ▶ UI

Ugly

- ▶ Changed my focus halfway through
- ▶ Rewrote backend (with tests)

Minimum Viable Product

- ▶ Yes
- ▶ Code is stable
- ▶ Tested

Reflection

- ▶ Persevere
- ▶ Ask for help
- ▶ Critical Thinking
